You will be creating a newsletter during the first few weeks of your Lecture Phase. If you have a device larger than a smart phone (laptop, tablet, etc.), we highly recommend you consider bringing it.

***Our laundry machines do best with h•e (High Efficiency) laundry detergent. Please bring only detergent that has the "h•e" symbol.

Clothing

Our purpose in providing guidelines for appearance and clothing is to show honor to one another, as we are coming from a wide variety of backgrounds and cultures. Often our physical appearance can symbolize the value we place on our time together. We wish to dress in a way that will be edifying to one another and not be distracting.

The guidelines are as follows:

- We reserve the right to make specific requirements regarding appearance for class or certain ministry situations.
- Your appearance, including clothing and hair, should be neat, modest, and clean.
- Please wear shoes (i.e. no bare feet) during class or official functions.
- Your clothes should completely cover your stomach and all undergarments, including straps. Please do not wear spaghetti strap tank tops or men's sleeveless undershirts.

- If you wear leggings, please make sure that your top is long enough for you to be sufficiently covered. Please do not wear leggings as a substitute for pants.
- Your appearance should reflect consideration for others and your ministry without bringing opportunity to offend people who have different convictions.

You will be attending church weekly, so please bring appropriate church clothes.

You will want to bring some work clothes that can get dirty during work projects as well as a nice, dressy outfit for special occasions. You may also want to bring a modest swimsuit – ladies, one piece, or modest tankini, please; men, no Speedos.

Housing

Unless you have discussed other arrangements with us, you'll be living in a home with other students and YWAM Louisville staff.

Outreach

Specifics on what to bring on outreach will be given during outreach orientation.
